

The Fleetwood Area Youth Football program was established in 2003 and is open to boys and girls ranging from ages 5 to 12. Our program offers an opportunity to learn the competitive skills of blocking, tackling, and running. Along with these skills our coaches emphasize the importance of teamwork as well as good sportsmanship.

The Fleetwood Area Youth Cheerleading is an organization that teaches girls 5-12 the fundamentals of cheerleading. The program also teaches great spirit, good sportsmanship and competitive cheerleading. Most importantly it teaches how to have fun and be part of a team.

By the strong will of our community, children, parents, and school district these programs will be around for many years to come.

Send checks payable and send to:
